

LEGALEX

INNOVATING THE BUSINESS BEHIND LAW

Hera Indemnity will again be exhibiting at Legalex

ExCel London 28th & 29th March

Visit us on Stand L332

Legalex has become an important date in the diary for all involved with the legal profession and for the third year running Hera Indemnity will be exhibiting.

Legalex is an event that is entirely dedicated to the business needs of the legal profession and our broking team will be there to meet with you on Stand L332, which is located right at the heart of the exhibition floor overlooking the 'networking area'.

We have developed a strong reputation working with the legal profession as specialists in indemnity, commercial and cyber insurance, and Legalex will be an opportunity for our team to meet face-to-face with our clients, prospective clients, insurers and other industry specialists – indeed everyone is welcome to visit us on the stand – to discuss the benefits of working with Hera Indemnity.

However, it is a lot more than just an exhibition! There is a choice of CPD accredited seminars that feature strongly with leading speakers from the industry and it's an event for law firms looking to innovate and grow their business in an increasingly competitive and challenging legal market.

We all look forward to meeting with you at Legalex in March.
